

**Тема: «Обучение  
читательской  
грамотности и  
креативному мышлению  
на уроках английского  
языка в формате PISA»**

## ***Читательская компетентность (грамотность чтения) в исследовании PISA***

- *Грамотность чтения* – способность к осмыслению письменных текстов и рефлексии на них, к использованию их содержания для достижения собственных целей, развития знаний и возможностей, для активного участия в жизни общества. Оценивается не техника чтения и буквальное понимание текста, а понимание и рефлексия на текст, использование прочитанного для различных целей.

## WHAT CHILDREN OF ALL AGES SHOULD KNOW ABOUT COVID-19 (SARS-COV2 – CORONAVIRUS INFECTION)

- COVID-19 is the short name for “coronavirus disease 2019.” It is a new virus. Scientists and doctors are still learning about it.
- Recently, this virus has made a lot of people sick. Scientists and doctors are trying to learn more so they can help people who get sick.
- Doctors and health experts are working hard to help people stay healthy. You can practice healthy habits at home, school, and play to help protect against the spread of COVID-19.
- COVID-19 can look different in different people. For many people, being sick with COVID-19 would be a little bit like having the flu. People can get a fever, cough, or have a hard time taking deep breaths. Most people who have gotten COVID-19 have not gotten very sick. Only a small group of people who get it have had more serious problems.
- If you do get sick, it doesn’t mean you have COVID-19. People can get sick from all kinds of germs. What’s important to remember is that if you do get sick, the adults at home will help get you any help that you need.

**Coronavirus. Symptoms and precautions**

The new coronavirus causes an acute respiratory infection. The disease spreads from person to person via airborne droplets. Infected subjects experience flu-like and common symptoms.

**Symptoms**

- 3-5 days
- Fatigue
- Slightly hot cough
- Flu-like symptoms
- Stuffy nose
- Runny nose
- Wheezing
- Shortness of breath

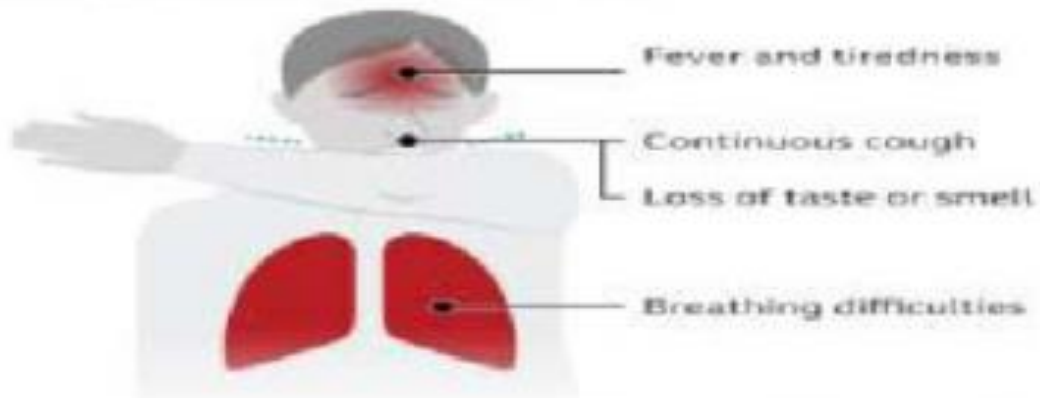

**Complications**

- ARDS
- Acute respiratory distress
- Pneumonia
- Sepsis
- Myocardial infarction
- Myocarditis

**How to protect yourself**

- Wash your hands for 20 seconds
- Cover a cough with your elbow
- Stay away from people who are sick
- Do not touch your eyes, nose, or mouth with unwashed hands

**Coronavirus: Key symptoms**

Attentively read the text, study the pictures and answer the following questions:

1. What is COVID-19?

2. What can I do so that I don't get COVID-19?

3. What happens if you get sick with COVID-19?

4. Write numbers of the pictures that depict Coronavirus molecule

5. Which pictures can show Coronavirus symptoms?

6. List the pictures where you can see people in medical masks

7. Write the number of the picture that describes protection measures

8. Write the number of the picture where children want to know about COVID-19

9. Which picture can show SARS COV2 COVID-19 researching?

10. Which picture can reflect the title of the text?

# Цели:

- ▶ познакомить обучающихся с историей возникновения инфекции
- ▶ обучить просмотровому и поисковому чтению с помощью вопросов
- ▶ научить работать на платформе LIVEWORKSHEETS
- ▶ выполнять интерактивные задания
- ▶ уметь ориентироваться в социуме и соблюдать меры по защите от вирусных инфекций.
- ▶ объяснить значение новых слов

# Ожидаемые результаты:

- ▶ осознание себя полноправным и полезным членом общества
- ▶ развитие самостоятельности и личной ответственности за свои поступки
- ▶ развитие навыков внимательного чтения
- ▶ освоение способов решения проблем творческого и поискового характера
- ▶ развитие креативного мышления
- ▶ представление о здравоохранении и здоровьесбережении
